

HAIR SCULPTING CREAM WITH JOJOBA GLAZE® - HV

This cream provides shine and hold for hair in a non-greasy water-in-oil cream that helps make hair easy to style and manage. JOJOBA GLAZE® gives viscosity to the cream itself and gives great shine on hair. JOJOBA PRO-HP® and PVP are film formers that add hair holding and body.

INCI NAME	TRADE NAME	WT. %
Phase A		
Water	Deionized Water	66.80
Hydrolyzed Jojoba Protein	JOJOBA PRO-HP® ¹	1.00

Copolyol (and) Hexyl Laurate		
Fragrance	Fragrance	q.s.
		100.00

Procedure

Add the water of Phase A to a suitable vessel and begin mixing. Continue mixing and add the other ingredients of Phase A. Mix until uniform. In a separate vessel, combine the Phase B ingredients. Begin high shear (homogenizer) mixing. Add Phase A to Phase B in small increments with high shear (homogenizer) mixing. Mix until uniform.
